

 CDH International

Nonprofit Impact Report 2020

A global initiative to stop Congenital Diaphragmatic Hernia

Austin

2020
MICHIGAN, USA

Right sided Congenital Diaphragmatic Hernia.

Austin Loves Music.

He has a Big Brother (Drew - 5) and Big Sister (Everly - 2).

Nicknamed the hospital Firecracker.

Fertility Baby.

Fighting Congenital Diaphragmatic Hernia for over 25 years.
www.edhi.org

Christian

2020 - 2020
SOUTH CAROLINA, USA

Undiagnosed Left-sided Congenital Diaphragmatic Hernia.

He was only here for 18 hours before flying away.

He had the most beautiful eyes even though they only opened once.

He also loved honey buns while in his mommy's tummy and loved to hear his brother and sister talk to him.

Died at

Fighting Congenital Diaphragmatic Hernia for over 25 years.
www.edhi.org

Henry

2019 - 2019
KANSAS, USA

Left sided Congenital Diaphragmatic Hernia.

Born with Cat eye syndrome and health problems associated with the syndrome.

He loved reading stories with mom and dad and listening to the Beatles lullabies.

He was a very observant baby. His nurses always commented on his big eyes.

Favorite part of the day was cuddle-time. Least favorite activity was bath time.

Fighting Congenital Diaphragmatic Hernia for over 25 years.

Dawn Ireland, President

A Note From Dawn Ireland, President

Dear CDH International Members and Supporters,

We spent our first 24 years blazing the path for CDH charities and creating a global community for the benefit of our kids. And then came Covid and things could've grinded to screeching halt. Many charities folded in 2020... CDH International did not.

We held our 2020 CDH Telethon as our President, Dawn Ireland, herself was battling Covid while on camera for 12 hours. This fall, Tracy Meats, head of our Support Department, had a heart attack and still continued to try to work just a week later. Our big 25th Anniversary CDH Conference in Toronto was cancelled. Research conferences held virtually. Volunteers and Board Members quit because they couldn't handle the pressures of 2020 and charity work too. Donations fell to 50% of the previous year but with the help of our amazing, Fundraising Team, lead by Nicolle Colvin, fundraisers increased by 74% during a global pandemic!

We made it. And we grew.

In July, CDH International became a registered research non-profit organization in the UK after 25 years of volunteers and support. In December, CDH International became a registered non-profit organization in Hong Kong, Singapore, the Netherlands and Switzerland.

CDH International was first envisioned sitting beside a baby boy's hospital bed in 1993. It became a reality in the form of CHERUBS in 1995. Now, we are the world's oldest, largest and leader in the fight against Congenital Diaphragmatic Hernia.

And we've done it all on our own, while lifting others up, learning along the way and always, always putting the children first. What an incredible first 25 years it's been.

Dawn Ireland

President

CDH International

By The Numbers 2020

5

Number of new NGOs

CDH International created NGO's in the United Kingdom, Switzerland, Hong Kong, the Netherlands and Singapore in 2020

25

Years Serving the CDH Community

CDH International became a registered nonprofit in 1995 and is the world's oldest charity for Congenital Diaphragmatic Hernia.

6850

Members

Families served and researchers who are official members of CDH International and who participate in the CDH Patient Registry.

74

Countries

We have made an even bigger impact globally in the fight to help more families affected by CDH.

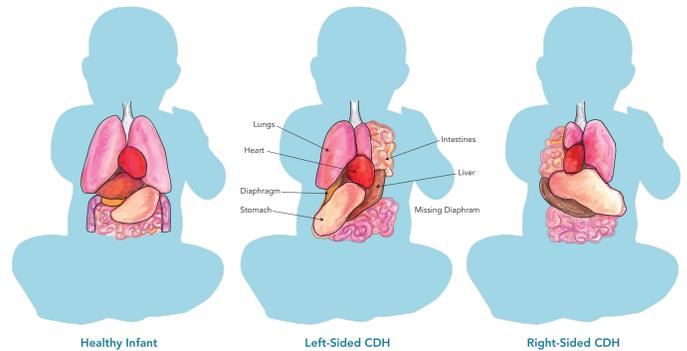

CDH International

Our Mission

CDH International is dedicated to finding the cause, prevention, and best treatments for Congenital Diaphragmatic Hernia while also supporting affected patients and families.

Congenital Diaphragmatic Hernia

CDH occurs when the diaphragm fails to fully form during pregnancy, allowing organs to migrate from the abdominal cavity into the chest cavity and thereby inhibiting lung growth. CDH strikes 1 in every 2500 babies, which equals 1600 babies every year in the United States. Every ten minutes, a baby is born with CDH. Fifty percent of babies diagnosed with Congenital Diaphragmatic Hernia do not survive. The cause is unknown.

CDH International was known as "CHERUBS" until 2017

2020 Executive Board of Directors

- Dawn Ireland, President
- Katherine Haney, Vice-President
- M. Shane Perry, Esq., Secretary
- Tara Henderson
- Tracy Meats
- Warren Sumner
- James Kornegay
- Rhonda Montague

2020 Patient Advisory Board

- Hope Clyde
- Nicolle Colvin
- Josh Hensley

- CDH International Attends 2020 Rare Fair
- CDH International Attends the 2020 Global Genes Conference
- CDH International Attends the 2020 PAPSA Conference
- CDH International Attends the 2020 Real World Evidence Conference
- Over 150 CDH Research Articles Shared

Kaiya
2019
NEWCASTLE, ENGLAND

Right sided Congenital Diaphragmatic Hernia (undiagnosed).

Spent 4 weeks in PICU after first repair and a further 3 weeks when she reherniated at 8 weeks old.

Always smiling, the happiest little girl you'll meet.

Loves to dance and show off when she hears music.

Kaiya turns 1 this October, been fighting from birth.

Fighting Congenital Diaphragmatic Hernia for over 25 years.
www.cdhi.org

Benji
2018
KANSAS, USA

Left sided Congenital Diaphragmatic Hernia.

Diagnosed at 20 weeks.

Smiley (except in front of the camera).

Loves reading and dancing.

Adores his grandparents.

Future class clown.

Fighting Congenital Diaphragmatic Hernia for over 25 years.
www.cdhi.org

Mila
2019
OHIO, USA

Left sided Congenital Diaphragmatic Hernia.

Mila is part of the Cincinnati Children's PETO study.

Mila came home without any type of respiratory support.

Mila has a wild personality. She loves getting into anything she can. She is also a climber.

Mila absolutely adores her big sis. The bond they share is truly incredible, especially after being separated for so long, so often.

Fighting Congenital Diaphragmatic Hernia for over 25 years.

In 2021, we will continue our work in research and awareness, but also push a new momentum in helping CDH patients and families directly on a global level.

We hope to add at least 2 more NGO's, build new alliances with other nonprofits to further help for all of our children and to begin some of our most important research work.

Through grant opportunities and new avenues of fundraising, we hope to increase income to be able to hire 3 more employees and offer more financial assistance to patient families, despite the ensuing pandemic and global economic instability. CDH doesn't take excuses and neither do we.

It is continually an honor to work with all of you, to serve all the families who need us, to help save these children. We look forward to all the incredible progress that 2021 will bring and thank you for allowing us to a part of your families and your journeys in fighting CDH.

"The smallest act of kindness is worth more than the grandest intention" - Oscar Wilde

Annelise
2011
NEW JERSEY, USA

Left sided Congenital Diaphragmatic Hernia.

Spent 81 days in the NICU at Children's Hospital of Philadelphia.

On a ventilator for 6 weeks, had a feeding tube for 14 months.

Reherniated at 22 months, needing another surgery.

Loves to dance ballet, hip hop and jazz, play piano, sing, read, and is a Girl Scout Brownie.

Fighting Congenital Diaphragmatic Hernia for over 25 years.
www.cdhi.org

Lyric
2020
PENNSYLVANIA, USA

Left sided Congenital Diaphragmatic Hernia.

Lyric loves his dog Sasha.

His favorite foods are blueberries and bananas with peanut butter.

He loves to read, climb, and, thinks sneezing is hilarious.

He loves going on long walks.

Fighting Congenital Diaphragmatic Hernia for over 25 years.
