

 **CDH International**

Nonprofit Impact Report 2021

A global initiative to stop Congenital Diaphragmatic Hernia

A Note From Dawn Ireland, President of CDH International

Dear Friends,

Many charities folded in 2020... and 2021... CDH International could have easily been one of those charities. But thanks to you, we were not, even though donations were down 50% from 2020 during the same points for most of the year. During December, you pulled us back up! Thank you.

Despite many challenges, our charity has still grown, our projects are proceeding, our team is working hard and we continue to serve the Congenital Diaphragmatic Hernia community to the best of our abilities. In 2021 we continued to run 6 charities in the United States, the United Kingdom, the Netherlands, Switzerland, Hong Kong, and Singapore and are proud to announce that CDH International is the first registered charity for Congenital Diaphragmatic Hernia in Canada.

CDH International has always been the underdog charity. We have never had rich benefactors, government funding, or even grant funding. We started as a grassroots charity, built the CDH community from nothing, and now even though we still do not have all the funding needed, we constantly hurdle obstacles and we are the world's oldest, largest, and leading charity for Congenital Diaphragmatic Hernia.

We accomplished so much in 2021, even during another year of the pandemic. The new CDH Patient Registry is our biggest accomplishment of the year and one we have worked towards for over a decade.

We collaborate with other CDH charities, universities, research groups, and other charities around the world, and together, we are making a real difference in the fight against Congenital Diaphragmatic Hernia.

We have the most brilliant team at CDH International, along with dedicated supporters who care so much about families affected by Congenital Diaphragmatic Hernia. You make all of this possible.

2022 will bring great things for all our patients and families, as many projects and plans that we have worked on for years come to fruition.

We look forward to continuing to serve the CDH community.

Sincerely Yours,

Dawn Ireland
President
CDH International

By The Numbers 2021

1

**Redesigned
CDH Patient Registry**

CDH International's CDH Patient Registry became the first to utilize blockchains to better collaborate Congenital Diaphragmatic Hernia Research with the CDH Study Group, DHREAMS and others.

7

CDH International NGOs

CDH International is a registered NGO (non-governmental organization / charity) in the United States, Canada, United Kingdom, Switzerland, Hong Kong, the Netherlands and Singapore.

7000

Members

Families served and researchers who are official members of CDH International and who participate in the CDH Patient Registry.

84

Countries

We have made an even bigger impact globally in the fight to help more families affected by CDH.

CDH International

Our Mission

CDH International is dedicated to finding the cause, prevention, and best treatments for Congenital Diaphragmatic Hernia while also supporting affected patients and families.

Congenital Diaphragmatic Hernia

CDH occurs when the diaphragm fails to fully form during pregnancy, allowing organs to migrate from the abdominal cavity into the chest cavity and thereby inhibiting lung growth. CDH strikes 1 in every 2500 babies, which equals 1600 babies every year in the United States. Every ten minutes, a baby is born with CDH. Fifty percent of babies diagnosed with Congenital Diaphragmatic Hernia do not survive. The cause is unknown.

CDH International was known as "CHERUBS" until 2017

Executive Board

- Dawn Ireland, President
- James Kornegay, Secretary
- Holden McLemore, Esq.,
- Brooke Newman
- Derek Bateson
- Tracy Meats
- Warren Sumner
- Rhonda Montague

- CDH International President Nominated for WEGO Health Award
- CDH International President Nominated for Global Genes Advocacy Award
- 29 New Episodes of the CDH Radio Show
- Monthly virtual Global CDH Race for Research

"CDH International has helped me by going above and beyond with as many resources they provide to this community.

The access to hundreds of families going through their own journeys, the research to be able to educate myself and also my family, and friends that had no idea what CDH even meant, and as well as providing an arm to lean on when our good days turned to bad days. Their attentiveness throughout Owen's life was truly a blessing."

HAYLEE DENSMORE
Mom to CDH angel, Owen

"Thanks to CDH International my daughter has met other CDH children and we have made many new friends.

CDH International has helped us find families with similar experiences for support. Most importantly CDHi has given me hope that my daughter will always have a place to turn as she navigates CDH as an adult."

AMANDA PLAKHOLM
Mom to CDH Survivor Elizabeth

- Facebook Fundraiser – Zackery's birthday fundraiser for my grandson

"CDHi has helped me connect with parents that have gone through something similar with their baby."

It is nice being able to talk with parents that have gone through the same things my daughter and I have. We all have different stories and journeys, but have been affected by the same condition."

MADISON CARPENTER
Mom to CDH Survivor Adalynn

"CDH International was the first support system--only one day after we received the diagnosis."

They gave me encouragement, hope, and information which brought me peace and strength to continue on our new journey."

HEIDI MARIE ANDERSON
Mom to CDH Survivor Valancy

Volunteering - volunteer@cdhi.org

In 2022, we will push a new momentum in helping CDH patients and families directly on a global level with the new CDH Patient Registry.

We hope to add at least 2 more NGO's, grow new alliances with other nonprofits and medical associations and further research care for all of our children.

Through grant opportunities, collaborations, and new avenues of fundraising, we will increase income to be able to hire more employees and offer more financial assistance to patient families, despite the ongoing pandemic and global economic instability. Nothing will deter us from fighting Congenital Diaphragmatic Hernia.

It is continually an honor to work with all of you, to serve all the families who need us, to help save these children. We look forward to all the incredible progress that 2021 will bring and thank you for allowing us to be a part of your families and your journeys in fighting CDH.

Happy New Year from everyone at CDHi and CHERUBS!
